Case - Hall-Mills

Sept. 13, 1926.

Investigation-Dem.

On September 13th, 1926, returned to the Commodore Hotel and after making many inquiries finally succeeded in securing information that a Mrs. Williamson had been working there for a short time only and left, and no one seemed to be able to tell me of her whereabouts. I then had an operative pick up this lead for me and the result was that her present address would be given to us on September the 14th, as it was too late to get the records at the present time.

Made three visits to Mr. Palzer's office and assigned by him to trace down a story concerning the U. S. Marine Million Dollar Circus held at the 104th Field Artillery Armory on 68th Street and 8th Avenue, between March 17th and 27th, 1923, where Mrs. Jane Gibson was on exposition with her mule and where there was a charge of 25¢ to secure a photograph of her and the mule. Newspaper clippings showed that her manager at that time was a C. B. Carter. Also that her first appearances took place in Perth Amboy, N. J., for three days and later on she was to tour Trenton, Philadelphia and other cities.

Respectfully submitted:

Dem
